Colmis AB, which was formed in 1985, has expanded from its modest beginnings to one of the leading test sites in the world. Colmis is today providing their clients with an extensive solution that covers thousands of hectares with various lake- and landtracks, efficient coldchambers that can hold desired temperatures and hightech solutions within IT that will optimize the clients time to fully focus on their tasks.

Colmis has used the Rajd PGM Solution for Safety monitoring since 2010.
