

The situation around the world is unstable and we need to take care of each other in tough times. Rajd continues to work “in office” and have a new release and several new features on show. Since we can’t travel to you, we offer demos via WebEx, Skype, Teams!

An update of our webpage, www.rajdsystech.se is also in progress.

Contact us to book a demo: pia.grafstrom@rajdsystech.se
